

PROFESSIONAL SUMMARY

Urban economics and territorial intelligence specialist with applied experience in monitoring, evaluation and data visualization systems for urban programs, social infrastructure, territorial integration and international cooperation. Track record spanning public agencies, multilaterally financed projects (IDB, World Bank) and analytical product development focused on urban resilience, housing, demographic mobility and territorial security.

CORE SKILLS

Urban economics and territorial analysis · Monitoring, evaluation and impact assessment (M&E) · Data visualization and dashboards (Power BI) · Geospatial analysis (ArcGIS, QGIS) · Public policy and multilateral-funded program management (IDB, World Bank) · Cross-functional team coordination · Public-private partnership management · Impact evaluation and results frameworks (SDGs, Logical Framework, RBM)

TECHNICAL SKILLS

Data & Visualization: Power BI, SQL, Python, R Studio, Advanced Excel, Machine Learning

Geospatial Analysis: ArcGIS, QGIS

Monitoring, Evaluation & Strategy: KPIs, Logical Framework, SDGs, Results-Based Management, Impact Evaluation

Project Management: OKRs, Agile, Trello, Taiga

PROFESSIONAL EXPERIENCE

Data and Evaluation Analyst · Data and Evaluation Coordination Unit

Government of the City of Buenos Aires (GCBA) — Argentina | Aug 2024 – May 2025

- Supported the deployment and continuous improvement of Power BI and Excel dashboards for urban upgrading programs, contributing to an estimated ~40% reduction in manual reporting time.
- Led the end-to-end construction of the first territorial security dataset for Barrio Padre Carlos Mugica (2023), integrating georeferenced records to enable targeted police reinforcement in critical areas.
- Developed a real-time territorial security dashboard in Power BI, strengthening operational communication between the implementing agency and the City Police, improving institutional response capacity in the field.
- Systematized social intervention databases for the gender team, building a monitoring dashboard to assess program demand and visualize policy outcomes.
- Contributed to indicator analysis for the 2024 Sociodemographic Survey of Barrio Mugica and quarterly CGP reports (Law 6129), within the Urban Integration Project financed by the IDB and the World Bank.
- Helped standardize M&E frameworks aligned with SDG indicators (Targets 10, 11 and 16), improving comparability across teams with different levels of data maturity.

Chief of Staff · Political Coordination

Government of the City of Buenos Aires (GCBA) — Argentina | Jun 2022 – Aug 2024

- Led the restructuring of territorial intervention processes for housing improvement and infrastructure works under IDB- and World Bank-financed projects.
- Coordinated cross-functional teams of 12+ professionals, articulating government, civil society and private-sector actors to ensure on-time project delivery.
- Promoted the area's first territorial security indicator systems and dashboards, which later informed the neighborhood security dataset.
- Acted as strategic liaison between political decision-makers and field teams, translating findings into actionable reports and resource-allocation decisions.

Assistant to the Chief of Staff · Economic Integration Area

Government of the City of Buenos Aires (GCBA) — Argentina | Nov 2021 – Jun 2022

- Contributed to internal process improvement and OKR development to align area-level interventions with the program's strategic objectives.

- Supported public-private partnerships aimed at strengthening employability, vocational training and local economic development in Barrio Padre Carlos Mugica.

Management Consultant · International Relations Directorate

Government of the City of Buenos Aires (GCBA) — Argentina | Apr 2019 – Dec 2019

- Monitored Buenos Aires' performance in international city rankings (What Works Cities, Deloitte, The Economist, A.T. Kearney), managing databases of 50,000+ data points.
- Contributed to identifying underperforming indicators that supported Buenos Aires' recognition as the top-ranked city in Latin America in The Economist Global Liveability Index.

Professor of Data Analytics and Data Usability

ISEC | Feb 2024 – Dec 2024

- Designed and taught Data Analytics courses (Power BI, SQL, R Studio) for Communication and Marketing students, adapting content to varying skill levels.

Project Manager · Strategic Planning and Public Policy Department

Federal Government Council — Venezuela · Interterritorial Compensation Fund | Mar 2015 – Feb 2016

- Contributed to the Interterritorial Financing Distribution Index, replacing area-based allocation with a socioeconomic inequality model to redistribute 25% of the national budget.
- Contributed to the design of the country's 1st Government Management Census, digitally implemented across Venezuelan municipalities as a requirement for annual budget liquidation.

Senior Project Manager · International Business Development

Corporacion Wimac Systems, C.A. — Venezuela | Jan 2014 – Mar 2015

- Led public-private coordination between the company and state agencies to support industrial and commercial development initiatives.
- Coordinated negotiations with the Foreign Trade Bank (BANCOEX) for an industrial export project and monitored business-line projects across telecommunications, recycling, machinery imports and plastic production, preparing monthly reports for executive leadership.

Project Manager · Urban Infrastructure and Works Monitoring

CorpoMiranda — Development Corporation of Miranda State, Venezuela | Jan 2013 – Jan 2014

- Monitored financial and physical progress of urban infrastructure works (road improvements, social housing and municipal schools), coordinating with construction teams and external auditors.

International Cooperation Consultant · Minister's Office

Ministry of Foreign Affairs — Venezuela | Dec 2011 – Dec 2012

- Conducted technical and financial monitoring of cooperation projects with Latin America and the Caribbean; supported Venezuela's accession to MERCOSUR by preparing analytical instruments and institutional negotiation materials.
- Participated in bilateral and multilateral meetings to identify strategic international cooperation opportunities between Venezuela and Europe.
